The library under the auspices of the San Diego Philatelic Council is a non-profit institution for the promotion, study, and enjoyment of stamp collecting. The library is one of only twelve such institutions in the United States that is open to the public free of charge. We are supported by voluntary contributions and welcome the participation of the entire community. We support the Boy Scout Merit Badge Program, the Boys and Girls Clubs youth programs, local stamp shows, and special educational presentations held in the library.

The library is a member of the Escondido Chamber of Commerce, the American Philatelic Society, and the Federated Philatelic Clubs of Southern California.
